

Black Cockatoo

Designed and Taught by Gary Clarke

Last Call for Registration - San Diego, California

Class Date: Friday, November 8, 2013

A very limited number of seats are still available!!

Gary Clarke says: ". . . Working on black is considered by some to be hard on the eyes; however, this is dramatically improved when using my method of transferring the design. The intensity of color that is achieved when working on black is amazing and is ideal for such subjects as the *Black Cockatoo*. . . . As a one-day class, a little of each aspect of the design will be worked."

Technique: Working in the Dark

Proficiency Level: Basic/Intermediate

Finished Size: 8" x 8"

Kit Includes instructions, photos, stretcher bars, black poplin, threads, needle, DVD.
